

## Home Performance with ENERGY STAR Practitioner List

All of the **CONSULTANTS and CONTRACTORS** on this list are capable of arranging a comprehensive home performance assessment (an energy audit) of your use; additionally, some members practice specific trades. **CONSULTANTS** conduct third-party home performance assessments and provide reports that a homeowner can use to prioritize energy-efficient improvements. **CONTRACTORS** conduct a home performance assessment; afterwards, they can bid for completing the suggested work, such as insulation, air-sealing, furnace, air-conditioning, and water heating upgrades. Most contractors and consultants serve an extended area surrounding their location.

Please call any of the professionals to start improving your home's comfort and energy efficiency with Home Performance with ENERGY STAR.

This is a list of the members of the **Home Performance with ENERGY STAR Network** – a program of the Environmental Protection Agency and the Department of Energy, sponsored locally by the Missouri Department of Natural Resources, with utility sponsorship from KCP&L, Missouri Gas Energy, and the Heartland Utilities for Energy Efficiency. The practitioners on this list receive regular training about building science and undergo jobsite quality assurance in partnership with the nonprofit Metropolitan Energy Center [www.kcenergy.org](http://www.kcenergy.org). Any questions about the program should be directed to the Metropolitan Energy Center at 816-285-4330.
